PRICE LIST No. 12

ASHFORD PARK NURSERIES

ATLANTA, GA.

802 Grant Bldg.

Phone Ivy 4631

Ashford Park. Peachtree Rd.

Phone Hemlock 333

SIZES AND GRADES. We grade most plants by height. Those broader than high are graded by width. Specimen evergreens are graded by the product of height times width. Prices here given apply to strictly first class plants of the normal growth of the variety priced. If the natural growth of the variety is broad or dense our plants will be broad and dense; if the natural growth is tall or open our plants will be tall or open. For unusually fine specimens we reserve the right to make an extra charge.

VARIETIES NOT LISTED. This list includes only plants described in our catalogue. We have many others in stock which we do not grow in sufficient quantities to warrant listing them. We invite correspondence on your needs.

GUARANTEE. We will replace or refund the price paid for any plants that prove untrue to name, but we are not responsible beyond the purchase price. Our liability for safe or prompt delivery ceases when stock is delivered to transportation companies. No guarantee is given or liability assumed for the life of the plants after they leave our hands.

DELIVERY. Delivery in Atlanta by truck or packing and delivery to our shipping station, Chamblee, Ga., is free where the amount of the order warrants.

SPECIMENS. The price in the specimen column indicates the value of the largest and best in stock. Some of these are over twenty years old and will be moved with a ball of earth weighing from 1,000 to 2,000 pounds. We have intermediate plants at intermediate prices.

LANDSCAPE DEPARTMENT. The advice of our landscape department is free to our customers where the order warrants. A nominal charge is made where it is necessary to draw plans, and traveling expenses are also charged for trips outside of Atlanta.

VISITORS. A visit to the nursery is a very satisfactory way to select stock. Take Oglethorpe University car, or motor out Peachtree Road. We are open for business on Saturday afternoon but not on Sunday.

DECIDUOUS TREES

NAME	SIZE IN FEET						
	3-4	4-6	6-8	8-10	10-12	12-14	Spec.

Varieties omitted from this List, but described in the Catalogue are not for sale this season. In most cases these are plants formerly imported, the supply of which has been cut off by Federal Quarantine. We will have them as soon as the young stock we have started ourselves is large enough for sale.
